

EDUCATION

Sri Eshwar College of Engineering	B.E(ECE)	CGPA 7.41(till 3rd semester)	2024-2028
Veveaham Matric Hr Sec School	HSC	85.83%	2023-2024
Swamy Vivekananda Vidhyalaya Matric Hr Sec School	SSLC	83.8%	2021-2022

PROJECTS

AUTOMATED ATTENDANCE SYSTEM: 2026

Developed an automated attendance solution that detects and recognizes multiple students from classroom images, enabling accurate and efficient attendance management.

ONLINE LEARNING SYSTEM: 2025

Developed a Smart Online Learning and Progress Tracking System that integrates free educational resources from multiple platforms and provides a centralized learning experience. Implemented progress monitoring, quiz-based assessments, and personalized course recommendations to enhance learner engagement and skill development.

DAMAGE DETECTION SYSTEM: 2026

Developed a web-based Damage Detection System using Machine Learning and Flask to automatically identify and classify damage from images. The system incorporates image preprocessing, model prediction, and an interactive user interface to provide accurate real-time damage detection and visualization of results.

2024

AGROCONNECT:

Developed an weather forecasting website using real-time data integration and user-friendly design to deliver accurate and accessible weather updates.

SOURCE:JAVASCRIPT,CSS,HTML

-----------------	-------	------

ACHIEVEMENTS

Participated: paper presentation (karpagam college of Engineering)

CODING PROFILES

Leetcode : Solved 6 problem

Skill Rack : Solved 500+ problems | Received 3 Certificates

SKILLS

- **Languages** C,C++,HTML,CSS,,python
- **Softskills** Communication, Time management, Problem solving, Critical Thinking
- **Tools** canva , VSCode, MSword, Powerpoint
